

GET THE BODY YOU DESERVE WITH **SAFE, PROVEN SCIENCE.**

CoolSculpting® is the innovator and proven leader in non-surgical fat-reduction that uses the power of Cryolipolysis to eliminate stubborn fat.

Here's how it works:

Many of us have **unwanted pockets of fat** which only get worse as we age.

These bulges contain fat cells, which can be **resistant to diet and exercise**, but not to CoolSculpting®.

CoolSculpting® uses an **exclusively patented process** to selectively target fat cells.

Crystallized fat cells gradually die off, then are **naturally eliminated** from your body.

In the weeks and months following treatment, remaining fat cells condense, **reducing the fat layer.**

CoolSculpting® lets you say goodbye to stubborn fat without surgery or downtime.

IT'S YOUR BODY.

Don't settle
for less
than the
absolute
best.

Choose the safest, most proven non-surgical treatment that eliminates stubborn fat through Cryolipolysis.

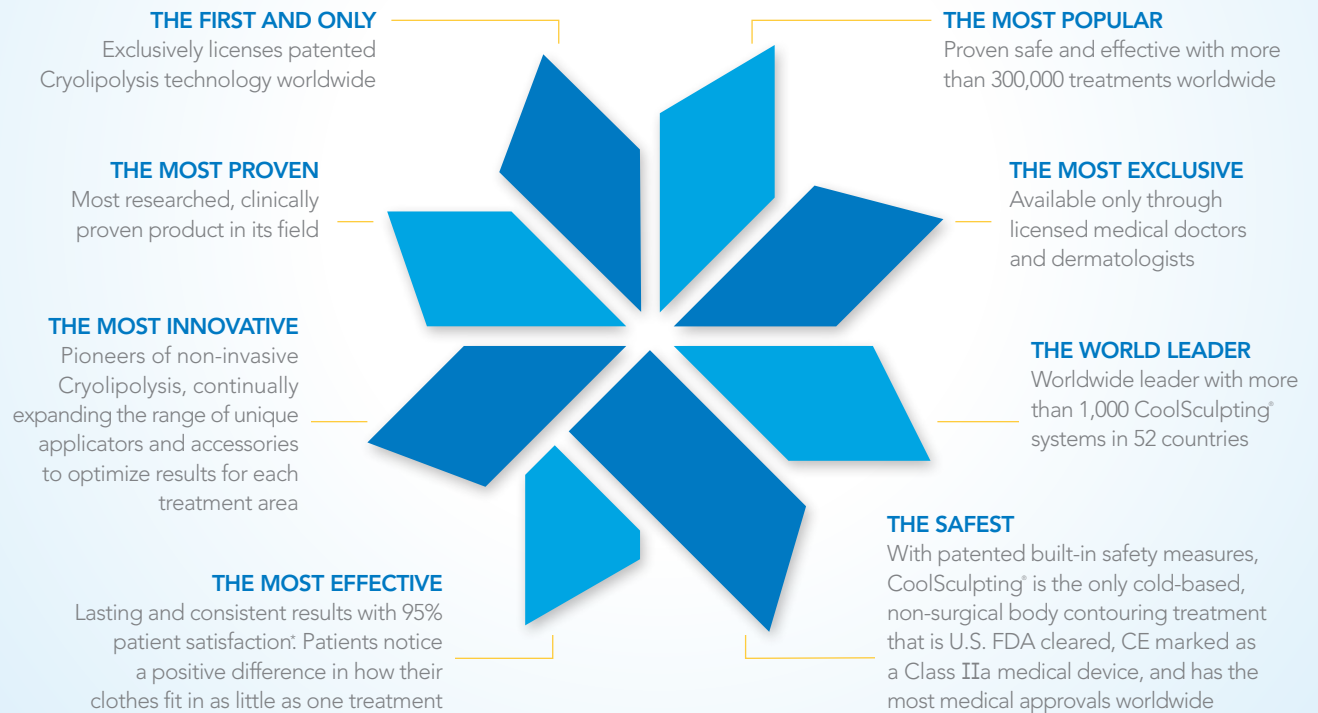

TAKE YOUR CONFIDENCE BACK WITH THE ONE TREATMENT YOU CAN TAKE CONFIDENCE IN.

Don't be fooled by imitators who claim to use Cryolipolysis. CoolSculpting® stands alone as the only non-surgical fat-reduction technology using Cryolipolysis that's FDA-cleared in the U.S. and CE marked as a Class IIa medical device. Only trust your body to the absolute best.

DON'T BE FOOLED BY IMITATORS WHO CLAIM TO USE CRYOLIPOLYSIS.

Here's why CoolSculpting® can't be imitated:

THE DIFFERENCES ARE EASY TO SEE - SAFE, PROVEN AND EFFECTIVE.
